

> Voluntary Critical Illness Insurance

An unexpected critical illness can have a lasting impact on you and your family – physically, emotionally and financially.

As an active employee of Archdiocese of Kansas City in Kansas, you can give your family the extra security they need to lessen the financial impact of a serious illness by purchasing Critical Illness insurance through United of Omaha Life Insurance Company.

A critical illness insurance policy provides a lump-sum cash benefit upon diagnosis of a critical illness like a heart attack, stroke or cancer. The benefit can be used to pay out-of-pocket expenses or to supplement your daily cost of living.

How much insurance is enough?

Even if you have the best health insurance plan, it will not cover 100 percent of medical expenses. You also need to consider other expenses associated with the recovery process – time off work, travel to treatment centers, home modifications – that may quickly deplete your savings.

Coverage guidelines and benefits are outlined in the chart below.

ELIGIBILITY - ALL ELIGIBLE EMPLOYEES				
Eligibility Requirement	You must be actively working a minimum of 30 hours per week to be eligible for coverage.			
Dependent Eligibility Requirement	To be eligible for coverage, your dependents must be able to perform normal activities, and not be confined (at home, in a hospital, or in any other care facility), and any child(ren) must be under age 26. In order for your spouse and/or children to be eligible for coverage, you must elect coverage for yourself.			
Premium Payment	The premiums for this insurance are paid in full by you. Child insurance is automatic. A separate premium is not required.

Additional Benefits Benefit Amount		100% of the Principal Sum				
	Additional Benefits		Benefit Amount			

Health Screening Benefit (1 time per insured per calendar year; up to 6	\$100
per family per calendar year)	

COVERAGE GUIDLINES ¹				
	Minimum	Maximum	Guarantee Issue ²	
For You Elect in \$10,000 increments	\$10,000	\$40,000	\$40,000	
Spouse Elect in \$10,000 increments	\$10,000	100% of employee's Principal Sum, up to \$40,000	\$40,000	
Child *benefit for each child	50% of employee's I	Principal Sum, up to \$20,000	All child amounts are guaranteed.	
POLICY PROVISIONS				
Policy Benefit Maximum	The maximum payout amount is 1000% of the critical illness Principal Sum amount for each insured person. If the policy benefit maximum is reached for an insured person, the coverage will terminate. Dependents will remain insured if you continue to satisfy the eligibility requirements of the policy.			
Initial Benefit	Critical Illness benefits are payable if an Insured Person is Diagnosed with a covered Critical Illness.			
Subsequent Benefit	Once an Initial Benefit has been paid for a Critical Illness for an Insured Person, benefits remain payable under the Policy for any other Critical Illness for that Insured Person after 30 days from the date diagnosed with the prior Critical Illness.			
Reoccurrence Benefit	Once an Initial Benefit has been paid for a Critical Illness for an Insured Person, a Reoccurrence benefit is payable for a reoccurrence of the same diagnosis if the Insured Person is treatment free from the prior diagnosis for at least 90 days.			
Annual Open Enrollment	An open enrollment is available for a period of up to 90 days each policy year. During this time, you may elect critical illness insurance for the first time or request increased insurance up to the Guarantee Issue amount for yourself and any dependents without providing health information.			
Portability	When insurance ends, you have the right to continue group critical illness insurance for yourself and your dependents.			
CONDITIONS &LIMITATIONS				
Benefit Waiting Period	There is no benefit wa	iting period.		
Advocacy	Advocacy services give an employee who has been diagnosed with a medical condition access to skilled clinicians and nurses for personalized, problem-solving assistance in a one-on-one setting. Call 1-866-372-5577 Monday – Friday 7 A.M. to 7 P.M. CST or email customerserve@personifyhealth.com for assistance.			

¹The amount of insurance for your dependent children will be rounded to the next higher multiple of \$1,000, if not already an even multiple of \$1,000

²Guarantee Issue is available to new hires. Amounts over the Guarantee Issue will require a health application/evidence of insurability. For late entrants, all amounts will require a health application/evidence of insurability. Amounts over the Guarantee Issue and/or not meeting minimum participation levels will require a health application/evidence of insurability.

VOLUNTARY CRITICAL ILLNESS COVERAGE SELECTION AND PREMIUM CALCULATION

Please note that the premium amounts presented below may vary slightly from the amounts provided on your enrollment form, due to rounding.

To select your benefit amount and calculate your premium, do the following:

- 1) Locate the benefit amount you want from the top row of the employee premium table. Your benefit amount must be in an increment of \$10,000. Refer to the Coverage Guidelines section for minimums and maximums, if needed.
- 2) Find your age bracket in the far left column.
- 3) Your premium amount is found in the box where the row (your age) and the column (benefit amount) intersect.
- 4) Enter the benefit and premium amounts into their respective areas in the Voluntary Critical Illness section of your enrollment form

If the benefit amount you want to select is greater than any amount in the table below, select the benefit amount from the top row that when multiplied by another number results in the benefit amount you want to select. For example, if you want \$20,000 in coverage, you obtain your premium amount by multiplying the rate for \$10,000 times 2.

EMPLOYEE OR SPOUSE - 24 PAYROLL DEDUCTIONS PER YEAR					
Age	\$10,000	\$20,000	\$30,000	\$40,000	
0 - 29	\$2.85	\$5.70	\$8.55	\$11.40	
30 - 39	\$3.90	\$7.80	\$11.70	\$15.60	
40 - 49	\$6.80	\$13.60	\$20.40	\$27.20	
50 - 59	\$12.25	\$24.50	\$36.75	\$49.00	
60+	\$19.65	\$39.30	\$58.95	\$78.60	

Child dependent coverage is offered at no additional cost.

Follow the method described above to select a benefit amount and calculate premiums for optional dependent spouse coverage. **Your spouse's rate is based on your age,** so find your age bracket in the far left column of the Spouse Premium Table. Your spouse's premium amount is found in the box where the row (the age) and the column (benefit amount) intersect. Your spouse's benefit amount must be in an increment of \$10,000. Refer to the Coverage Guidelines section for minimums and maximums, if needed.

> Frequently Asked Questions

Who is eligible for this coverage?

- You must be actively working (performing all normal duties of your job) at least 30 hours per week
- Your dependent(s) must be performing normal activities and not be confined (at home or in a hospital/care facility) and any child(ren) must be under age 26

What is the subsequent benefit?

Once an Initial Benefit has been paid for a Critical Illness for an Insured Person, benefits remain payable under the Policy for any other Critical Illness for the Insured Person, subject to any subsequent benefit separation period listed in the Policy Provisions section of this benefit summary.

What is the reoccurrence benefit?

Once benefits have been paid for a Critical Illness, a reoccurrence benefit is payable for a subsequent diagnosis of the same Critical Illness, as indicated in the Critical Illness Benefits table, subject to any reoccurrence benefit separation period listed in the Policy Provisions section of this benefit summary.

Can I take this insurance with me if I change jobs/am no longer a member of this group?

In the event this insurance ends due to a change in your employment/membership status with the group, or for certain other reasons, you or your insured spouse have the right to continue this insurance under the Portability provision, subject to certain conditions.

Are there any limitations or exclusions?

The benefits payable are subject to the following:

- Treatment for injury or sickness must occur on or after the insured person's coverage effective date and while the policy is inforce. The benefit amounts payable are based on the type and amount of insurance in effect on the date of diagnosis of an injury or sickness, subject to the definitions, limitations, exclusions and other provisions of the policy.
- The exclusions and additional limitations are summarized in the outline of coverage and detailed in the certificate.

All exclusions may not be applicable, or may be adjusted, as required by state regulations. Please contact your benefits administrator for a copy of the outline of coverage or if you have questions prior to enrolling.

Are prenatal diagnoses covered under the policy?

In the event of a prenatal diagnosis, the date of Diagnosis under the Policy will be the Dependent child's date of birth. Newborn dependent children born after the effective date are covered at the time of birth and those diagnoses made on the date of birth would be covered by the policy.

This information describes some of the features of the benefits plan. Benefits may not be available in all states. Please refer to the certificate booklet for a full explanation of the plan's benefits, exclusions, limitations and reductions. Should there be any discrepancy between the certificate booklet and this outline, the certificate booklet will prevail. Benefits availability is subject to final acceptance and approval of the group application by the underwriting company. Critical Illness insurance and accidental death & dismemberment insurance are underwritten by United of Omaha Life Insurance Company, 3300 Mutual of Omaha Plaza, Omaha, NE 68175, 1-800-769-7159. United of Omaha Life Insurance Company is licensed nationwide, except in New York. Policy form number 7000GM-U-EZ 2010.
